TIPS FOR SUCCESSFUL FUNDRAISING

1. Set a personal goal.

Let people know how much you want to raise and keep them posted on your progress. It can be as easy as asking 10 of your friends to donate \$10 each!

2. Share the link!

Send emails or texts to friends, family, and coworkers asking them to visit your classroom or team page and make a donation. Share the link on your Facebook, Instagram, Twitter, or other social media channels!

3. Offer options.

If you have family or friends who are not comfortable using an online donation site, you can collect offline donations by using the printable, online donation form. The form can be used if a contributor would like to mail a check directly to the Sunshine School, or you can collect it and turn it in during school drop off or pick up.

4. Investigate matching gifts.

Double your contributions without doubling your efforts. Many employers will match donations their employees make to non-profit organizations. Talk to your HR department to see if your employer has a "Matching Gifts" program, and ask your co-workers to support your efforts!

Scan with your phone's camera to check out team fundraising pages, raffles, Give Back calendar, and more!
